<p>◆</p> <h2 style="text-align: center;">Geography Game : Map - Game</h2> <table border="0" align="left"> <tr> </tr> </table>

<p>{swfremote}http://www.tienganh123.com/file/game/geography/bai17/us-states.swf{/swfremote}</p> <p>1. Introduction:</p> <p>You will be shown 21 random US states each round of game play. Your job is to place each state in the correct location, as quickly as you can.

2. How to play this game:
- Use your mouse to drag each American state to the correct location on the map. Try to remember the location of each state. The more you practice, the easier it will become to remember where each state is located</p> <p>- .Parent's And Teacher's Note:
The object of this game is to help students remember the locations of each state. Repetition is key. The more often students play this game, the easier it will be for them to accurately recall where the states are located. This is a great way to make learning the geography of the United States of America fun.</p>
